

Upgrade your health coverage with Assured Access

Hello,

Thank you for being a Medavie Blue Cross health insurance member! You're approaching your one-year anniversary with us.

Did you know? The [Assured Access](#) add-on takes a snapshot of your health situation today and guarantees your access to a personal health plan that covers any new medical conditions that develop after that time.

Within 12 months of activating your health coverage, you can upgrade your plan to include Assured Access with no underwriting required.

Discover the Benefits of Assured Access

- **Save on future premiums** by putting your plan on hold if you receive employer health benefits.
- **Protect your underwritten status** so you can reactivate your plan without answering medical questions.
- **Maintain access to vital health coverage** even if your circumstances change unexpectedly.
